

Following an Incident and Repair:

Claims under these Warranties are void and will not be considered where, in the opinion of Land Rover South Africa, the cosmetic paint defect or the perforation corrosion has occurred as a direct result of:

- Body repairs not being carried out exactly in accordance with the manufacturer's instructions by a Land Rover Approved Body Repair Centre and where applicable, the fitment of any new components not protected against cosmetic paint or rust through corrosion in accordance with the manufacturer's recommendations.
- Deterioration of corrosion prevention material as a result of the application of additional corrosion prevention treatment after manufacture.
- The fitment of parts or accessories not approved by Land Rover South Africa or supplied by a Land Rover Franchised Dealer.

- The owner has failed to have the Cosmetic Paint Perforation Corrosion Warranty Annual Inspections carried out by an approved Land Rover Dealer, in accordance with the manufacturer's requirements.

Approved Body Repair Centre Network

Your servicing dealer will be able to provide you with the most current information regarding a Land Rover Approved repairer in your area.

Insist whenever possible for the vehicle to be towed to a Land Rover Approved Centre.

Consult with your Land Rover Dealer or Approved Body Repair Centre regarding any concerns you may have with the repair.

Contact our Customer Relationship Centre should you not be satisfied with quality of the repairs or service delivery by calling 0860 110 090.

No claims will be considered if:

- The Land Rover Dealer is not notified of such a claim in respect of Cosmetic Paint Defect by the end of the three-year period referred to above, or in respect of rust through corrosion, the three-year period referred to above.

APPROVED BODY REPAIR CENTRES

GO BEYOND

Land Rover Warranty Terms & Conditions

Land Rover products come standard with a 3yr/100 000 km Warranty and Care Plan. An integral part of the Warranty and Care Plan is the Paint & Corrosion Warranty and customers must familiarise themselves with the Terms and Conditions contained in their service portfolio.

Paintwork must be inspected annually, even after the initial factory warranty has expired.

Cosmetic Paint Warranty

If a manufacturing paint defect occurs within a period of three years from the date of commencement of the Vehicle Warranty, then subject to the Terms and Conditions overleaf, the body will be repaired free of charge to the customer by a Land Rover Dealer.

Cosmetic Paint Warranty is offered for 36 months only.

Perforation Corrosion Warranty

If any corrosion defined as Rust (the corrosion of the inside or the underside of the painted body) occurs as a result of faulty workmanship or materials used during the original manufacture, within a period of 6 years from the date of commencement of the Vehicle Warranty, then subject to the Terms and Conditions overleaf, the bodywork will be repaired free of charge to the customer by a Land Rover Dealer.

Please take note that an annual inspection must be carried out.

Suspension components

These items are not pre-treated or coated and are not covered by the Corrosion Warranty. Customers must take precautionary measures to prevent corrosion. Regular high pressure cleaning followed by the use of under body protection chemical like Tectyl is recommended.

Land Rover South Africa has approved a network of repair centres in order to ensure that your vehicle is repaired to the standards laid down by the manufacturer.

Only genuine new parts are used in the repair, so that the integrity of the vehicle is not compromised and your safety remains a priority.

Approved Body Repair Centres will only use parts that have been acquired through legal means from the manufacturer.

It must be noted that if non-genuine parts are used, the Warranty and Care Plan on your vehicle will not be reinstated. This is discussed in more detail in the information section.

We trust that you, our valued customer will support our endeavour to maintain your vehicle's integrity.

Thank you
